- Oct. 8th- No School
- Oct. 8-12- Fire Prevention Week
- Oct 23rd- Math Day Field Trip to Houghton College
- Oct. 26th- Picture Make-Up Day

A Note From Mrs. Reed

In our classroom, we have been spending time discussing kindness. We read a book about a girl that learned kindness is like a ripple in the water, it spreads and gets bigger, all it takes is one small act to get that ripple started. Ask your child what kind act they did today!

Please remember to send your child in with a healthy snack option daily! Thank you.

A Peek At What We Learned This Week...

Reading

This week the students took their first end of the unit assessment for 2nd grade. The students were given a reading comprehension assessment, a word identification assessment, punctuation assessment, and an inflectional ending (-ing) assessment. They all worked very hard!

Writing

This week in writing we are starting a new writing unit. We are working on creating autobiographies. We will then turn these into lap books!

Math

In math we have been working on breaking apart numbers to make a group of ten when adding. They have worked on this strategy when adding within 20 and within 100.

Next Week's Specials

Monday- No School Tuesday- Gym Wednesday- Gym

Thursday- Music Friday- Gym
